Dear Todd Pfannestiel:

The AAUP-Utica hereby grieves the University's failure to follow the procedures of the Faculty Senate by-laws as specified in Article 7, GOVERNANCE, Section 7.1, Faculty Senate Committees, of the Collective Bargaining Agreement, and all other articles and sections that may apply, by denying the Curriculum Committee the right and opportunity to receive, consider and/or initiate all requests for, or studies of, new or revised curriculum changes of the College pursuant to the procedures in the by-laws of the Faculty Senate, specifically by determining that the Academic Review Committee recommendations concerning the curriculum do not fall within the purview of the Curriculum Committee.

Sincerely,

A handwritten signature in black ink that reads 'K F Walker'.
